

Building Construction Industry Training Fund Short Course Rebates

The Construction Skills industry, through the Building Construction Industry Training Fund (BCITF) offer rebates for short course training.

Eligible employees/employers can receive a rebate for attending selected Energy Skills Solutions (ESS) short courses. The rebate is based on an hourly rate or 70% of the course cost as noted on the invoice issued to the employee/employer, whichever is lower. The hourly rate is different depending on whether the course is delivered in the metropolitan area or a regional area.

ESS Course rebates

Course	Course fee Metropolitan delivery	Hours of training	Rebate to be claimed
UETTDRCJ21A Lay ESI electrical cable	\$530	8	\$248
